MEET OUR FOUNDER

April Williams

April brings more than 17 years of caregiving and healthcare experience to Gentle Care. She founded the agency to create the kind of dependable, compassionate, relationship-centered care she would trust with her own family.

“Caring for others is not just what we do - it is who we are.”

For Families

Care begins with listening. Gentle Care learns what would make daily life safer and more comfortable, then discusses available services, scheduling, and the next appropriate step.

For Healthcare and Community Partners

We welcome referrals from hospitals, physicians, rehabilitation teams, social workers, veterans’ organizations, senior programs, churches, and community partners. Our professional referral pathway is designed for prompt follow-up without transmitting protected health information through a general web form.

We Honor Our Veterans

Gentle Care is proud to support veterans and their families with dignified, personalized non-medical care at home. Thank you for your service. Let us serve you in return.
